

IgNS Greeting Here

width 600px

Your Title Here!

Your content here

IgNS audience is comprised of over 45k Healthcare Professions in the Ig Therapy field. This audience can be segmented in to various groups to help deliver your message to the correct audience.

1 campaign: \$2,500
3 campaigns: \$5,000* (a minimum of 3 is recommended for improved visibility)
5 campaigns: \$7,500

Content submission should be made 10 day prior to the desired delivery date to allow for client approval with optimal time for adjustment.

The best format is HTML with inline CSS. Otherwise a pdf or Word doc is acceptable.
We will convert and format the email as closely as possible to the original document.

A link to the clients original pdf will be embedded in the email only upon request.

The max width of your content should be set at 600px to allow proper placement within the IgNS template.

All images should be provided separately.

Background images with text overlay are generally discouraged as it is difficult to translate this look to HTML in a format accepted by all email clients.

Any hyperlinks included should be included separately and referenced to their location within the email.

Alternate text should be supplied for images with text in order to subjugate temperamental email clients.

No character limits for HTML
