II EDUCATION & EXPERTISE

ROUNDTABLE SESSION SPONSORSHIP | \$21,000 **AVAILABLE**

The IgNS Roundtables are the highest-engagement format on the conference schedule. Small groups of peers work through real clinical and operational challenges together. The conversations are candid and focused in a way that larger session formats don't allow.

As the exclusive sponsor, your company hosts one roundtable topic of your choosing, giving you a direct connection to the attendees most relevant to your organization. Your brand is also present at every table throughout the session, in a room where all of IgNS's audience—clinical, operations and business leadership, industry and commercial, revenue and technology—are in conversation at the same time.

Sponsorship Includes:

- Exclusive recognition as sponsor of the IgNS 2026 Roundtable Session
- One sponsored roundtable topic of your choosing, subject to IgNS approval
- Branded table number signage on every roundtable throughout the session
- Meter board at the session room entrance with your logo
- Recognition in the conference app, on the conference website, digital program book, and on-site signage
- Acknowledgment in pre-conference communications promoting the Roundtable Session

II EDUCATION & EXPERTISE

POSTER SESSION & COCKTAIL RECEPTION | \$22,000 **SOLD**

The Poster Session is where the research driving Ig therapy and biologics practice gets front and center. The cocktail reception running alongside it creates an informal atmosphere for conversations, discovery, and engagement. Attendance is high and the room stays full because the format works: structured for peer-to-peer education, relaxed for lively discussion, and social engagement.

As the exclusive sponsor, your logo appears on the online and print agendas, recognized in email and social media promotion, and your branded drink tickets are the currency of the hosted bar; every attendee who orders a drink does so with your company's name in hand. It is one of the few conference sponsorships where your brand shows up in both an educational and a social context within the same event.

Sponsorship Includes:

- Exclusive recognition as sponsor of the IgNS 2026 Poster Session & Cocktail Reception
- Your logo featured prominently on the event signage
- Branded drink tickets distributed to all attendees for the hosted bar
- Signage at the bar and throughout the poster session space
- Recognition in the conference app, on the conference website, in print and digital program books, and on-site signage
- Acknowledgment in pre-conference communications promoting the Poster Session

IgNS will assist you in developing a company profile that goes live on the IgNS 2026 conference website and is promoted across IgNS's social channels in the six weeks leading up to the event. It runs as a standalone post, featuring your company, your story, and your reason for being at this conference.

That is real-world insight from pharmacists, nurses, specialty pharmacy, and infusion company operators who work in Ig therapy and biologic fields every day.

If you are looking to enhance your market access strategy, HEOR, positioning, or payer engagement, the research value of this audience is difficult to replicate outside of this room.
